SUMMARY

An enthusiastic newcomer with a strong passion for exploring cloud technologies, eager to apply problem-solving skills and learn in a dynamic and collaborative environment. Excited to contribute fresh perspectives and drive innovation within a team-oriented setting while continuously expanding my knowledge and skill set.

EDUCATION

Savitribai Phule Pune University   SPPU, Pune
Bachelor of Engineering (B.E.); CGPA: 8.17   *Jun 2020- Jun 2023*
    - Engineering with Distinction. Strong academic record, technical projects, and leadership experience.

Government Polytechnic Aurangabad   Maharashtra, India
Course: Diploma in Mechanical Engineering;   *Jun 2018 - Mar 2020*

SKILLS SUMMARY

- **Languages**: Python, C++(Basic), C (Basic), SQL
- **Azure skills**: IaaS (Azure Virtual Machines, Storage, Networking), PaaS (Azure App Service, Azure Functions), CLI, Azure Security (Azure Active Directory, Azure Sentinel), Azure Networking (Azure Virtual Network, Azure Load Balancer), Containerization (Azure Kubernetes Service, Docker), Azure SQL and Cosmos DB.
- **Tools**: - Docker, Linux, Azure DevOps, Outlook, Excel, ARM Templates, Terraform.
- **Soft skills**: Process Improvement, Project Management, Team Collaboration

EXPERIENCE

Vinsys IT service   Pune
Cloud Trainee   *JAN 2024 – MAY 2024*
- We have deployed and managed virtualized infrastructure, utilizing expertise in storage and networking.
- Automated tasks using scripting languages and command-line interfaces.
- We managed containerized applications, showcasing expertise in container orchestration and management.
- Ensured security best practices, adapting knowledge of identity and access management.

ACADEMIC PROJECTS

Azure IaaS Deployment

- Deployed scalable Azure IaaS architecture using Azure Virtual Machines, Storage, and Networking
- Optimized resource utilization and ensured scalable data availability with Azure SQL Database
- Strengthened security with best practices in Azure VPC, ACLs, and security groups

Azure DevOps Implementation

- Implemented Azure CI/CD pipeline with Azure DevOps, reducing errors and accelerating development cycles by 20%
- Orchestrated zero-downtime deployments using Azure Code Deploy, resulting in a 25% decrease in post-deployment issues
- Infrastructure as Code with ARM Templates and Terraform
- Created and managed infrastructure configurations using ARM Templates and Terraform
- Ensured consistent and repeatable deployments across environments

HONORS AND AWARDS

- **Zonal Winner in Kho Kho, Government Polytechnic Aurangabad, 2020**
Guided the team as captain to clinch victory in the challenging Kho Kho tournament at the zonal level, demonstrating outstanding leadership Capabilities and remarkable athletic prowess, both individually and collectively.

CERTIFICATIONS BY SIMPLILEARN

- Microsoft Azure Fundamentals.
- Microsoft Certified Azure Administrator Associate AZ:104.
- Designing Microsoft Azure Infrastructure Solutions AZ-305.

HOBBIES

- Learning New things.
- Playing cricket.
